CHAIRMAN'S REPORT

The Directors of Euroz Limited are pleased to announce a pre-tax profit of $33,502,495 (2009: $14,462,117) and a net profit after tax of $26,331,750 (2009: $10,335,056). This profit equates to earnings per share for the financial year to 30 June 2010 on a normalized basis of 12.3 cents.*

The Directors have declared a final dividend of 10 cents per share (fully franked) in addition to the interim dividend of 2 cents per share fully franked.

The increased profit from last year's result was pleasing given the continued turbulence and volatility encountered in financial markets during the year. This result again reflects the strong business base that Euroz has achieved in the past 10 years and continues to give us confidence in our strategy going forward.

Euroz Securities Limited has delivered solid returns during an extremely volatile year where market direction completely reversed direction on numerous occasions. Our key Research, Institutional Dealing, Retail Dealing and Corporate Finance departments are improving their co-ordinated approach to our clients and the Euroz Group as a whole.

Although market conditions were volatile it was pleasing that during the year that performance from Westoz Funds Management in terms of funds under management and returns for investors have improved from the previous year. Funds under management as at 30 June 2010 were approximately $295m (up from $257m as at 30 June 2009). The gross investment return for the year was 24.5% for Westoz and 18.4% for Ozgrowth. Since inception both investment companies have returned above average returns.

The Directors believe that our funds management strategy will continue to reap benefits for shareholders and investors alike in the long term and through all market conditions. Euroz Limited will continue to invest in Westoz Funds Management products and new initiatives. At the date of this report Euroz Limited has invested approximately $50m in Westoz Investment Company Limited and Ozgrowth Limited.

The financial year ending 30 June 2010 represented an improvement on the previous year but still provided its challenges with continue market volatility. Since year end market conditions have improved around the globe but as always we remain cautious about predicting outcomes in the short term.

A pleasing milestone that was reached during the year was when the Company paid out its final dividend, this represented a total of $104 million of fully franked dividends paid to our shareholders over the last 10 years. We are extremely proud of reaching this milestone and hope to maintain our ongoing theme of rewarding shareholders with consistent dividend returns.

The Directors believe that our long-term future remains on track and that our expansion initiatives, consistent strategy, and strong balance sheet will provide the group with a solid platform for growth in the medium to long term.

The contribution of our employees this year has again been a significant factor in our continued profitability. Our employees' motivation is also supported by their strong share ownership in the company which is currently around 50% of Euroz Limited.

The Directors would like to thank our three core stakeholders: our shareholders, staff and clients for their support and efforts in what has been a challenging year. Euroz Limited is currently trading profitably, has no debt and with a strong balance sheet and with our long term growth initiatives, the Euroz Group is in a strong position in the medium and long-term to capitalise on behalf of its shareholders.

MANAGING DIRECTOR'S REPORT

Euroz Limited is a Western Australian focussed company that provides highly specialised stockbroking, corporate finance and funds management services.

The past financial year was an unusual year where we have seen a post GFC rebound develop into something of a financial "hangover". Markets have been increasingly volatile and unsure of a market direction with double dip recession fears being offset at various times by signs of recovery.

Despite these volatile market conditions our business model has again performed well and delivered solid financial results for the past year. Our Euroz Securities and Westoz Funds Management businesses have both delivered good returns reflecting better resource and commodity markets but also the relative outperformance of Western Australian related companies.

Major financial highlights for the past financial year include:

- Payment of 12c in fully franked dividends
- Net profit of $26.3 million ($16.2 million normalised)
- Westoz funds under management (FUM) of $295 million at June 30 2010

During the year our investment in the Westoz Investment Company Limited (WIC) increased above 20% and has resulted in the equity accounting of this investment going forward. Combined with the existing equity accounted investment in Ozgrowth Limited these two investments will increasingly influence our reported results. Therefore it is increasingly important for our overall business model to be focussed on identifying and supporting successful companies for all our various stakeholders.

We are pleased to advise that Euroz is now about to celebrate its 10th year of successful operations. We are extremely proud of our track record during this time and pause to reflect not only on our financial results but on the major contributions of our past and present staff, the many WA related companies we deal in and our various shareholders and clients who are all the combined lifeblood of our business.

We reported at the end of the 2000 financial year with a market capitalisation of $9.6 million, NTA of $7.2 million and staff of 26 people. At the close of this financial year we had a market capitalisation of $170 million, NTA of $109 million, 62 staff and having distributed $104 million in fully franked dividends during these ten years.

As an interesting measure of shareholder return, we recently calculated that an investment of $10,000 in Euroz Limited in November 2000 would be worth $92,200 from a combination of dividends, a bonus option issue and share price performance at 30 June 2010.

Euroz Limited

The ASX listed holding company for all our businesses which is a major investor in our 2 Listed Investment Companies(LIC's) and also invests in its own right.

At June 30 our investments in WIC and Ozgrowth had a combined cost value of $ 50 million and a look through NTA value of $59 million.

Euroz Securities

Our stockbroking business that provides highly specialised research, dealing and corporate finance services that provides essential deal flow and investment opportunities for all parts of our Group.

We have recently re-focussed on our core processes that bring together the combined efforts of these various divisions to help ensure a better integrated approach to researching, dealing and raising capital for the companies we want to support.

Highlights of the past year for Euroz Securities include:

- ASX turnover of $4.6 billion
- Major new research coverage
- Improved institutional dealing capabilities and roadshow activity
- Equity capital market raisings of $722 million
- Increased revenues and expansion of our retail dealing operations
- Continued low staff turnover

Westoz Funds Management

Westoz Funds Management is responsible for $295 million of funds under management at June 30 2010, the majority of which is invested through two Listed Investment Companies; WIC and Ozgrowth. Both companies have investment returns since inception which places them at the top of peer group comparisons.

WIC only commenced trading on the ASX in September 2009 after 4 years as an unlisted company. WIC reported investment returns for the past year of 24.5 % and have paid 10c in fully franked dividends for the period.

Ozgrowth has been listed on the ASX since January 2008 and can report investment returns of 18.4 % and fully franked dividends of 1.4c for the past year.

Both companies have achieved excellent investment returns but we are conscious that both share prices have been trading at large discounts to their underlying NTA. Whilst this is symptomatic of the broader LIC sector and flat investment markets in recent times we are determined to reduce this discount over time.

Whilst investment returns and consistent dividends are the most important determinant for an investment rating over time, both LIC's have implemented their own buyback schemes. Euroz Limited has continued to increase its holdings on market and we will look to improve the promotion of these entities to the larger investment public.

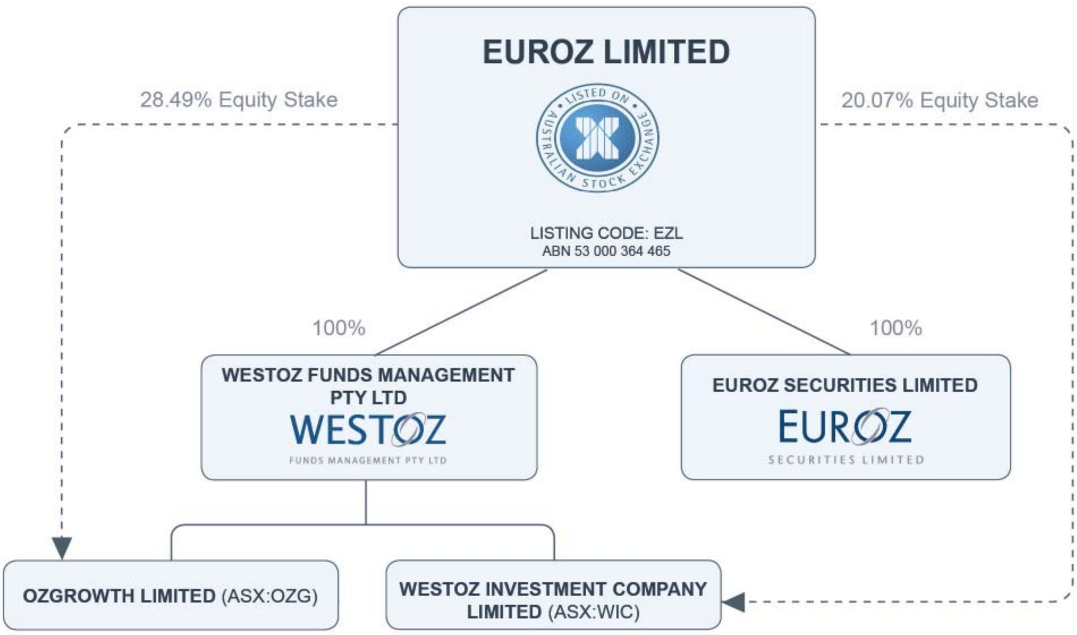
On the move

In the past month we have relocated all of our businesses to new premises at the 4.5 star NABERS Energy rated Alluvion building at 58 Mounts Bay Road, Perth. Our staff have always been our most important asset and we believe that all of our employees will receive long term benefits from this move.

As always, I would like to thank our shareholders, clients and employees for their efforts and loyalty during another successful year.

Andrew McKenzie
Managing Director

Euroz Group Organisational chart as at 30 June 2010



EUROZ SECURITIES LIMITED DIRECTORS' PROFILES

PETER DIAMOND Executive Chairman

EUROZ SECURITIES LIMITED OPERATING DIVISIONS

RETAIL DEALING

- Team of highly experienced and qualified private client advisors
- Focus on dealing with high net worth individuals
- Extensive research support - high quality research on WA based resource and industrial companies enable our advisors to provide quality investment and trading advice
- Specialised broking allows
  - Close interaction between research analysts and private client advisors
  - Timely communication of ideas with clients
- Sophisticated investors are able to participate in many of our corporate capital raisings
- We pride ourselves on offering a tailored service to our clients based on:
  - Quality research
  - Personalised service
  - Wealth creation
- Client services
  - Exclusive web based research
  - Web based access to portfolios and ledgers

CORPORATE FINANCE

- Our corporate business is focused on developing strong, long term relationships with our clients
- Clients are provided with specialised Corporate Advisory services in:
  - Capital Raisings
  - Mergers and Acquisitions
  - Strategic Planning and Reviews
  - Privatisation and Reconstructions
- Established track record in raising equity capital via:
  - Initial Public Offerings (IPO)
  - Placements
  - Rights Issues
- Euroz has raised $722m in new equity this financial year

EQUITIES RESEARCH

- Team of seven experienced analysts with access to the latest online news and financial information
- Based on fundamental analysis, strict financial modelling and regular company contact
- **Goal:** Identify and maximise equity investment opportunities for our clients

  Approach: Intimate knowledge of the companies we cover

  Coverage: Broad cross section of mostly WA based industrial & resource companies
- Research Products
  - Daily Briefing: Overnight market updates
  - Weekly Informer: Compilation of all company reports throughout the preceding week
  - Quarterly and/or Semi-annual Review: Regular coverage on midcap companies in book format
  - Company Reports: Detailed analysis on companies as opportunities emerge

INSTITUTIONAL DEALING

- Largest institutional dealing desk based in Western Australia
- Largest dedicated small-mid cap institutional sales team in Australia
- Team of ten institutional dealers with an extensive client base of Australian and International investors
- Distribution network strength - long standing relationships with major institutional investors in the small to mid cap market
- Western Australia's geographic isolation makes it difficult for institutional investors to maintain close contact with companies based here - investors can rely on our "on the ground" information
- Institutional dealing team "highly focused" on providing the following services:
  - Quality advice and idea generation
  - Efficient execution
  - Regular company contact
  - Site visits
  - Roadshows

WESTOZ FUNDS MANAGEMENT

Westoz Funds Management Pty Ltd was established in the 2005 financial year as a specialist manager of equity funds.

It has a medium to long term investment strategy that seeks to leverage our existing specialised skills in the Western Australian capital market. It will generate revenue primarily through fees based on the level of funds under management and on the performance of its strategies.

Its largest management mandate is on behalf of Westoz Investment Company Limited (ASX Code: WIC) which seeks to generate consistent positive returns through the economic cycle, predominantly from investment in WA based listed companies. The value of the portfolio of Westoz Investment Company Limited was $183 million at 30 June 2010 ($157 million at 30 June 2009).

Westoz Funds Management Pty Ltd also manages the portfolio of a second listed investment company, Ozgrowth Limited (ASX Code: OZG). This mandate commenced on 1 January 2008.

At 30 June 2010, Westoz Funds Management Pty Ltd has $295 million in assets under management.

PHILIP REES, CHIEF INVESTMENT OFFICER

Mr Philip Rees is Chief Investment Officer of the Manager and is responsible for the operation and development of the Manager's business.

Mr Rees has worked in a range of roles focused on Australian investment markets for the last 24 years. He has previously managed large institutional investment portfolios and developed several early stage investment opportunities until he joined Westoz in April 2005.

EUROZ GROUP COMMUNITY ACTIVITIES

2010 has seen the ongoing development of two of the Euroz Group of Companies initiatives; namely the Euroz Charitable Foundation and the Euroz Green Office Initiative.

Euroz Charitable Foundation

The Euroz Group has been fortunate to have been a beneficiary of strong investment markets and a strong local economy over many years.

This prompted us to consider ways in which we could make a contribution to the broader community and as a result the Euroz Charitable Foundation was formed in 2007. The Foundation represents our ongoing commitment to our local community.

During the past three and a half years all businesses within the Euroz Group and many of our staff members have made donations to this Foundation.

It is our objective to grow the funds of the Foundation to a significant size so that we can distribute these funds to worthy WA related charities. In the past year we are pleased to have supported the following charities; Autism West, Princess Margaret Hospital Foundation, the Bendat Family Comprehensive Cancer Centre, Foodbank and Youth Focus among others.

We are pleased to report that in the past year the Foundation's assets have continued to grow strongly and as many worthy charities are finding it increasingly difficult to secure necessary funding it is our intention to make more increasingly meaningful donations in the coming year.

As part of Euroz' ongoing commitment to community involvement we have initiated a staff volunteer program whereby Euroz staff volunteer their time during office hours assisting particular charities. Our first volunteer initiative was with Foodbank WA in October 2010.

We would like to thank all staff for their continued support of the Euroz Charitable Foundation.

Euroz Green Office Initiative

In recognition of changing business and community attitudes toward increasing environmental responsibility in both the home and office we have formalised some simple environmental policies for the Euroz Group of companies. The Euroz Group of companies seeks to promote an environmentally aware workplace through a series of key objectives.

Our move to a new, premium 4.5 star NABERS Energy rated building in early September 2010 is consistent with our green office initiatives and has facilitated the achievement of some of our targets whereby we:

- Aim to increase recycling and reduce waste
- Aim to reduce the use of power
- Aim to reduce energy consumption
- Aim to purchase environmentally friendly products
- Are educated, engaged and aware of sustainable office management initiatives.

This initiative has been strongly supported by members of the Euroz Group of companies since its inception three years ago.

FINANCIAL REPORT 2010

DIRECTORS' REPORT

Your Directors present their report on the consolidated group consisting of Euroz Limited and the entities it controlled at the end of, or during the year ended 30 June 2010.

Directors and Executive Disclosures

The following persons were Directors of Euroz Limited at any time during or since the end of the financial year and up to the date of this report:

EXECUTIVE CHAIRMAN

Peter Diamond

EXECUTIVE DIRECTORS

Andrew McKenzie - Managing Director
Jay Hughes – Director

Executives with the greatest authority for strategic direction and management

The following persons were the executives (other than Directors of the parent entity) with the greatest authority for the strategic direction and management of the consolidated entity ("specified executives") during the financial year and up to the date of this report:

NAME	POSITION	EMPLOYER
R Caldow	Director	Euroz Securities Limited
G Chessell	Director	Euroz Securities Limited
S Yeo	Director	Euroz Securities Limited
K Paganin	Director	Euroz Securities Limited (resigned 22 July 2010)
D Young	Director	Euroz Securities Limited
O Foster	Director	Euroz Securities Limited
M Hepburn	Director	Euroz Securities Limited
R Kane	Director	Euroz Securities Limited
A Clayton	Director	Euroz Securities Limited
A Brittan	Director	Euroz Securities Limited
G Allen	Director	Euroz Securities Limited
R Black	Director	Euroz Securities Limited
N McGlew	Director	Euroz Securities Limited (appointed 1 July 2010)
P Rees	Director	Westoz Funds Management Pty Ltd
D Woods	Director	Westoz Funds Management Pty Ltd (appointed 1 July 2010)

Company Secretary

Anthony Hewett held the position at the end of the financial year. Anthony was appointed Company Secretary in 2007 and brings to the role more than a decade of experience in Operations, Risk and Compliance having worked for a variety of firms in Perth.

Principal Activities

During the year the principal activities of the Euroz group consisted of:

a) Stockbroking;
(b) Investment banking; and
(c) Funds Management.

Review of Results

The Directors of Euroz Limited are pleased to announce a consolidated pre-tax profit of $33,502,495 for the year ended 30 June 2010.

The consolidated net profit after tax was $26,331,750 compared with the 2009 year's consolidated net profit after tax of $10,335,056. This profit represents a basic earnings per share of 20.07 cents versus 8.07 cents in the 2009 year.

DIRECTORS' REPORT

The Directors have declared a final dividend of 10 cents per share fully franked which, combined with the interim dividend of 2 cent per share, represents a total dividend of 12 cents per share fully franked.

Review of operations

	Segment revenues		Segment results	
	2010	**2009**	**2010**	**2009**
	$	**$**	**$**	**$**
Stockbroking	40,841,201	35,626,480	13,227,400	12,543,568
Principal Trading	13,738,675	2,701,133	215,117	(984,963)
Funds Management	10,192,515	2,493,556	6,333,425	1,144,090
Unallocated revenue	11,765,435	3,428,509	6,555,808	(2,367,639)
	76,537,826	**44,249,678**	**26,331,750**	**10,335,056**

These results have been achieved through contributions from all divisions of the business.

Financial Position

The net assets of the consolidated group have in increased from $96,295,687 at 30 June 2009 to $109,417,413 in 2010.

This increase has largely resulted from adjustments to the carrying value of investments as at 30 June 2010.

The company's strong financial performance has enabled it to continue to pay dividends to shareholders during the year while maintaining a healthy working capital ratio. The consolidated group's working capital, being current assets less current liabilities, has fallen from $54,769,874 in 2009 to $45,191,982 in 2010.

During the past five years the company has invested in expanding each of its business units to secure its long term success. In particular it has made strategic investments in the investment products of Westoz Funds Management Pty Ltd. The company's holdings in associated subsidiaries have increased from $21,450,000 in 2009 to $26,450,000 at 30 June 2010.

The Directors believe the company is in a strong and stable financial position to expand and grow its current operations.

	2010	**2009***
Earnings per share	**Cents**	**Cents**
Basic earnings per share	**20.07**	8.07
Diluted earnings per share	**18.49**	7.82

*In October 2008, a 2 for 1 share split occurred and the total share capital of the company was converted from 64,000,000 ordinary shares into 128,000,000 ordinary shares.

Dividends Euroz Limited
Dividends paid or provided for during the financial year were as follows:

	2010	**2009**
	$	**$**
Interim ordinary dividend of 2 cent (2009 – 1 cents) per fully paid ordinary share was paid on 21 January 2010	**2,633,325**	1,280,000
Provision for final ordinary dividend for 30 June 2010 of 10 cents (2009 – 6.5 cents) per fully paid ordinary share paid on 30 July 2010	**13,257,014**	8,345,081
	15,890,339	9,625,081

Significant changes in the state of affairs

There have been no significant changes in the state of affairs of the consolidated group during the year.

Share options

At the date of this report, the unissued ordinary shares of Euroz Limited under option are as follows:

Grant Date	Date of Expiry	Exercise Price	Number
27 February 2009	1 March 2014	$0.75	11,202,336

Option holders do not have any rights to participate in any issues of shares or other interests in the company or any other entity. No premium was paid for the options.

There have been no unissued shares or interests under option of any controlled entity within the group during or since reporting date.

After balance date events

The Directors are not aware of any other matter or circumstance subsequent to 30 June 2010 that has significantly affected, or may significantly affect:

(a) the consolidated group's operations in future financial years; or
(b) the results of those operations in future financial years; or
(c) the consolidated group's state of affairs in future financial years.

Likely developments and expected results of operations

The Directors are confident that a strong balance sheet and established business platforms will support the company in increasingly volatile market conditions. However, it is likely that we will experience increasingly difficult trading conditions in the next financial year.

Further information on likely developments in the operations of the consolidated group and the expected results of operations have not been included in this report because the Directors believe it would be likely to result in unreasonable prejudice to the consolidated group.

Environmental regulation

The consolidated group is not subject to significant environmental regulation in respect of its operations.

Remuneration Report (Audited)

This Remuneration Report outlines the director and executive remuneration arrangements of the Company and the Group in accordance with the requirements of the Corporations Act 2001 and its regulations. It also provides the remuneration disclosures required by paragraphs Aus 25.4 to Aus 25.7.2 of AASB 124 Related Party Disclosures, which have been transferred to the Remuneration Report in accordance with Corporations Regulation 2M.6.04. For the purposes of this report Key Management Personnel of the group are defined as those persons having authority for the strategic management and direction of the group including any director (whether executive or otherwise) of the parent company, and includes the five executives in the parent and the group receiving the highest remuneration.

Directors & Executives Remuneration

Remuneration packages are set at levels that are intended to attract and retain executives capable of managing the consolidated entity's operations. The board undertakes regular reviews of its performance and the performance of the board against expectations made at the start of the year. Performance related bonuses are available to executives based on their performance and that of the company.

Remuneration Policy

The remuneration policy has been tailored to increase goal congruence between shareholders and Directors and executives. There have been three methods applied in achieving this aim, the first being a participation in the profit share pool, the second being commission and the third being head of retail incentive. The company believes this policy to have been effective in increasing shareholder wealth over the past five years.

The following table shows the gross revenue, profits and dividends for the last five years for the listed entity, as well as the share price at the end of the respective financial years.

	2006	2007	2008	2009	2010
	$	$	$	$	$
Revenue (including net profit/(loss) of associates)	56,040,157	63,805,598	121,889,088	43,288,071	76,080,544
Net profit after tax	16,814,507	22,171,176	41,931,627	10,335,056	26,331,750
Share price at year end	2.55	4.4	4	0.93	1.28
Dividends paid or recommended	12,209,500	17,500,000	34,560,000	9,625,081	15,890,339

The objective of the company's remuneration framework is to ensure reward for performance is competitive and appropriate to the results delivered. The Board / Remuneration Committee ensure that executive rewards satisfy the following key criteria for good reward governance practices:

- competitiveness and reasonableness
- acceptability to shareholders
- performance linked
- transparency
- capital management.

The company has structured an executive remuneration framework that is market competitive and complimentary to the reward strategy of the organisation.

Directors' fees

No Directors fees are paid.

Base pay

Directors and executives are offered a competitive base and participation in the profit share pool. Base pay for senior executives is reviewed semi-annually by the Remuneration Committee to ensure that executive's pay is competitive with the market, and is also reviewed upon promotion or additional responsibilities.

There is no guarantee of base pay increases fixed in any senior executive or Directors contracts.

Executives are offered a competitive salary that comprises of a base salary inclusive of superannuation and a combination of some of the following, dependant on the terms of the individual employment contract:

- Participation in the profit share pool
- Commission
- Head of Retail incentive

Equity based payments

The entitlement to equity based remuneration ceased on 28 July 2003.

Commission

Executives that do not participate in the profit share pool are paid either a bonus or commission on the income they have generated for the company. This is calculated on a sliding scale set out in the employment contract. Any salary paid to the employee is deducted from the commission payment.

Short term incentives

Cash incentives (profit share) are calculated on 30% of pre tax profit from Euroz Securities Limited and are payable in December and / or June. Using these criteria ensures reward is only available when value has been created for shareholders. The distribution of the profit share is leveraged to performance as described below.

Profit share pool

The Remuneration Committee determines the allocation of the 30% pre tax profit on an ongoing basis. In consultation with relevant department heads the committee uses the following informal criteria to assist in the allocation

- Ability to perform individual tasks within the relevant department
- Ability to add value and innovate beyond the job standard specifications
- Development of new and existing client relationships
- Ability to interact with other relevant departments as part of a larger team approach
- Relevant industry salary benchmarking
- General requirements to attract and retain staff.

The three executives on the Remuneration Committee are also entitled to participate in the profit share pool. In these circumstances two members assess the performance of the third member.

Head of Retail (HOR) incentive

The calculation of this payment is based on the net income generated by the members of the Retail Desk and overall management of the Retail Desk.

Details of remuneration

Details of the nature and amount of each element of the emoluments of each director of Euroz Limited and each of the specified executives of the consolidated entity are set out in the following tables. Amounts disclosed for remuneration of Directors and specified executives exclude insurance premiums of $621,940 paid by the consolidated group in respect of Directors' and officers' liability insurance contracts as the contracts do not specify premiums paid in respect of individual Directors and officers. Information relating to the insurance contracts is set out further in the Directors' report.

Loans to Directors and executives

No loans were made to Directors of Euroz Limited and the key management personnel of the consolidated group, including their personally related entities during the year.

DIRECTORS' REPORT

Other transactions with Directors and specified executives

Karl Paganin, a director of Euroz Securities Limited has a brother who is a partner in the law firm Steinepreis Paganin. During the year ended 30 June 2010, the consolidated entity received legal advisory services from Steinepreis Paganin. These services were on normal terms and conditions.

Aggregate amounts of the above types of transactions:

	2010	2009
Amounts recognised as expense	**$**	**$**
Legal Fees	**48,530**	47,563

During the year ended 30 June 2010 the Directors and key management personnel transacted share business through Euroz Securities Limited on normal terms and conditions.

Aggregate amounts of the above transactions with Directors and key management personnel of the consolidated group:

	2010	2009
Amounts recognised as revenue	**$**	**$**
Brokerage earned by Euroz Securities Limited on Directors' accounts	**67,671**	62,029

Indemnifying Officers

During the financial year, Euroz Limited paid a premium of $621,940 to insure the Directors and secretaries of the company and its Australian based controlled entities. The liabilities insured include costs and expenses that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers of entities in the consolidated group.

Proceedings on Behalf of Company

No person has applied for leave of court to bring proceedings on behalf of the company or intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or any part of those proceedings.

The company was not a party to such proceedings during the year.

Non-Audit Services

The following non-audit services were provided by the group's auditor, Mack & Co. The Directors are satisfied that the provision of non-audit services is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The nature and scope of each type of non-audit service provided means that auditor independence was not compromised.

Mack & Co. received or are due to receive the following amounts for the provision of non-audit services:

	$
Tax compliance services	21,000
Advisory services	7,150
	28,150

Auditor's Independence Declaration

The lead auditor's independence declaration for the year ended 30 June 2010 has been received and follows the Directors report. This report is made in accordance with a resolution of the Directors.

CONSOLIDATED STATEMENT OF CASH FLOWS

for the year ended 30 June 2010

	Notes	2010 $	2009 $
Cash flows from operating activities			
Receipts from customers (inclusive of goods and services tax)		**51,600,529**	34,182,274
Payments to suppliers and employees (inclusive of goods and services tax)		**(33,677,185)**	(24,165,745)
		17,923,344	10,016,529
Proceeds from sale of house options		**-**	41,950
Dividends received		**499,719**	1,719,879
Interest received		**2,159,100**	2,908,498
Proceeds from sale of trading shares		**13,862,728**	2,701,133
Income taxes (paid)/refunded		**(5,239,806)**	(13,365,526)
Payments for trading shares		**(14,072,653)**	(1,906,215)
Net cash flows from operating activities	31	**15,132,432**	2,116,248
Cash flows from investing activities			
Payments for investments		**(8,760,432)**	(509,923)
Payments for plant and equipment		**(393,367)**	(115,152)
Net cash flows used in investing activities		**(9,153,799)**	(625,075)
Cash flows from financing activities			
Proceeds from issues of shares and other equity securities		**3,584,400**	289,394
Dividends paid		**(10,974,983)**	(31,360,000)
Net cash flows from/(used in) financing activities		**(7,390,583)**	(31,070,606)
Net increase/(decrease) at cash and cash equivalents		**(1,411,950)**	(29,579,433)
Cash and cash equivalents at 1 July		**63,884,694**	93,464,127
Cash and cash equivalents at 30 June	7	**62,472,744**	63,884,694

The above statements of cash flows should be read in conjunction with the accompanying notes.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2010

Contents

Note 1. Statement of Significant Accounting Policies

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

Euroz Limited is a listed public company, trading on the Australian Securities Exchange, limited by shares, incorporated and domiciled in Australia.

The financial report of Euroz Limited and controlled entities (the consolidated group), complies with Australian Accounting Standards and International Financial Reporting Standards (IFRS).

The following is a summary of the material accounting policies adopted by the consolidated group in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

Basis of preparation

Reporting Basis and Conventions

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied.

Accounting Policies

(a) Principles of Consolidation

The consolidated financial statements incorporate the assets and liabilities of all entities controlled by Euroz Limited ('company' or 'parent entity') as at 30 June 2010 and the results of all controlled entities for the year then ended. Euroz Limited and its controlled entities together are referred to in this financial report as the consolidated entity. The effects of all transactions between entities in the consolidated entity are eliminated in full.

Subsidiaries are all those entities over which the consolidated entity has the power to govern the financial and operating policies, generally accompanying a shareholding of more than one-half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the consolidated entity controls another entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the consolidated entity. They are de-consolidated from the date that control ceases.

The purchase method of accounting is used to account for the acquisition of subsidiaries by the consolidated entity.

Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group. All controlled entities have a 30 June financial year end.

(b) Income Tax

The charge for current income tax expense is based on the profit for the year adjusted for any non-assessable or disallowed items. It is calculated using tax rates that have been enacted or are substantively enacted by the balance sheet date.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on either accounting profit or taxable profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled. Deferred tax is credited in the income statement except where it relates to items that may be credited directly to equity, in which case the deferred tax is adjusted directly against equity.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the economic entity will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

Euroz Limited and its wholly-owned Australian subsidiaries have formed an income tax consolidated group under the Tax Consolidation Regime. Euroz Limited is responsible for recognising the current and deferred tax assets and liabilities for the tax consolidated group. The group formed an income tax consolidated group to apply from 1 July 2003. The tax consolidated group has entered a tax sharing agreement whereby each company in the group contributes to the income tax payable in proportion to their contribution to the net profit before tax of the tax consolidated group.

(c) Acquisition of investments

The purchase method of accounting is used for all business combinations regardless of whether equity instruments or other assets are acquired. Cost is determined as the fair value of the assets given up, shares issued or liabilities undertaken at the date of acquisition plus incidental costs directly attributable to the acquisition.

(d) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the entity and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

- Brokerage revenue earned from share trading on behalf of clients is recognised on completion of the transactions. That is, the day the security is traded, not the day of settlement.
- Underwriting, management fees and corporate retainers are brought to account when the fee in respect of the services provided is receivable.
- Share trading revenue from the sale of stocks in the jobbing account is recognised on the day the security is traded. Revenue comprises the gross proceeds on sale of the security.
- Interest income is recognised as it accrues.
- Dividend revenue is recognised when the right to receive a dividend has been established.

All revenue is stated net of the amount of goods and services tax (GST).

(e) Receivables

Trade debtors are recognised as current receivables as they are generally settled within 30 days from the date of recognition. Collectability of trade debtors is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for doubtful debts is raised when some doubt as to collection exists.

All trade debtors relating to brokerage and principal trading have been transferred to Penson who provides a trust account facility as part of the clearing and settlement service.

(f) Inventories

Inventories are stocks held in the operating (jobbing) account at year end. All inventory is held at fair value. Refer to Note 1 (u) (i) financial assets at fair value through profit or loss.

(g) Investments

Interests in listed and unlisted securities are initially bought to account at cost.

Controlled entities are accounted for in the consolidated financial statements as set out in Note 1 (a).

Other securities are included at fair value at balance date. Unrealised gains/losses on securities held for short term investment are accounted for as set out in Note 1 (u) (i) financial assets at fair value through profit or loss. Unrealised gains/losses on securities held for long term investment are accounted for as set out in Note 1 (u) (iii) available for sale financial assets.

(h) Investments in Associates

The Group's investment in its associates is accounted for using the equity method of accounting in the consolidated financial statements. The associates are entities over which the Group has significant influence and that are neither subsidiaries nor joint ventures.

Under the equity method, investments in associates are carried in the consolidated statement of financial position at cost plus post-acquisition changes in the Group's share of net assets of the associates. Goodwill or gain on bargain purchase relating to an associate is included in the carrying amount of the investment and is not amortised. After application of the equity method, the Group determines whether it is necessary to recognise any impairment loss with respect to the Group's net investment in associates. Goodwill or gain on bargain purchase included in the carrying amount of the investment in associate is not tested separately, rather the entire carrying amount of the investment is tested for impairment as a single asset. If an impairment is recognised, the amount is not allocated to the goodwill of the associate.

The Group's share of its associates' post-acquisition profits or losses is recognised in the statement of comprehensive income, and its share of post-acquisition movements in reserves is recognised in reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Dividends receivable from associates are recognised in the parent entity's statement of comprehensive income as a component of other income.

When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any unsecured long-term receivables and loans, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate.

The reporting dates of the associates and the Group are identical and the associates' accounting policies conform to those used by the Group for like transactions and events in similar circumstances.

(i) Plant and Equipment

Each class of plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Plant and Equipment

Each class of plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed as the greater of the fair value less costs to sell and the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows are discounted to their present values in determining recoverable amounts.

The cost of fixed assets constructed within the consolidated group includes the cost of materials, direct labour, borrowing costs and an appropriate proportion of fixed and variable overheads.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Depreciation

The depreciable amount of all fixed assets is depreciated on a straight line basis over their useful lives to the consolidated group commencing from the time the asset is held ready for use. The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Leasehold improvements	25 %
Plant and equipment	25-33 %

Artwork is not depreciated, but is reviewed annually for impairment.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the income statement. When revalued assets are sold, amounts included in the revaluation reserve relating to the asset are transferred to retained earnings.

(j) Leasehold Improvements

The cost of improvements to or on leasehold properties are amortised over the unexpired period of the lease or the estimated useful life of the improvement to the consolidated group, whichever is the shorter.

(k) Leased Non Current Assets

A distinction is made between finance leases which effectively transfer from the lessor to the lessee substantially all the risks and benefits incidental to ownership of leased non current assets, and operating leases under which the lessor effectively retains substantially all such risks and benefits.

Incentives received on entering into operating leases are recognised as liabilities. Lease payments are allocated between rental expense and reduction of the liability.

Other operating lease payments are charged to the income statement in the periods in which they are incurred, as this represents the pattern of benefits derived from the leased assets.

(l) Trade and Other Creditors

Trade and other creditors also includes other liabilities for goods and services provided to the consolidated entity prior to the end of the financial year and which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

All trade creditors relating to brokerage and principal trading have been transferred to Penson who provides a trust account facility as part of the clearing and settlement service.

(m) Dividends

Provision is made for the amount of any dividend declared and authorised by the directors on or before the end of the financial year, but not distributed at balance date.

(n) Options

The fair value of options in the shares of the company issued to directors and other parties is recognised as an expense in the financial statements in relation to the granting of these options.

(o) Employee Benefits

(i) *Wages, salaries and annual leave*

Liabilities for wages, salaries and annual leave expected to be settled within 12 months of the reporting date are recognised in respect of employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) *Employee benefits payable later than one year*

Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

(iii) *Superannuation*

Contributions are made by the consolidated group to superannuation funds as stipulated by statutory requirements and are charged as expenses when incurred.

(iv) *Employee benefit on costs*

Employee benefit on costs, including payroll tax, are recognised and included in employee benefits liabilities and costs when the employee benefits to which they relate are recognised as liabilities.

(v) *Options*

The fair value of options granted is recognised as an employee benefit expense with a corresponding increase in equity. The fair value is measured at grant date.

The fair value at grant date is independently determined using the Black-Scholes option pricing model that takes into account the exercise price, the term of the option, the vesting and performance criteria, the impact of dilution, the non-tradeable nature of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk-free interest rate for the term of the option.

(vi) *Profit-sharing*

The consolidated entity recognises a liability and an expense for profit-sharing based on a formula that takes into consideration the profit attributable to the company's employees after certain adjustments.

(vii) Termination benefits

The consolidated entity recognises a liability and an expense when the entity demonstrate commitment to either terminate the employee before the normal retirement date or provide termination benefits as a result of an offer made to the employee prior to retirement date.

(p) Cash and Cash Equivalents

For purposes of the statement of cash flows, cash includes deposits at call which are readily convertible to cash on hand and are subject to an insignificant risk of changes in value, net of outstanding bank overdrafts.

(q) Earnings Per Share

(i) *Basic earnings per share*

Basic earnings per share is determined by dividing the net profit after income tax attributable to members of the company, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year.

(ii) *Diluted earnings per share*

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

(r) Fair Value Estimation

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and available-for-sale securities) is based on quoted market prices at the balance sheet date. The quoted market price used for financial assets held by the consolidated entity is the current bid price; the appropriate quoted market price for financial liabilities is the current ask price.

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques. The consolidated entity uses a variety of methods and makes assumptions that are based on market conditions existing at each balance date. Quoted market prices or dealer quotes for similar instruments are used for long-term debt instruments held. Other techniques, such as estimated discounted cash flows, are used to determine fair value for the remaining financial instruments.

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the consolidated entity for similar financial instruments.

(s) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(t) Comparative Figures

When required by accounting standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

(u) Financial Instruments

The consolidated group classifies its investments in the following categories: financial assets at fair value through profit or loss, loans and receivables, and available-for-sale financial assets. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and re-evaluates this designation at each reporting date.

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the company commits itself to either the purchase or sale of the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

Classification and subsequent measurement

Financial instruments are subsequently measured at either of fair value, amortised cost using the effective interest rate method, or cost. Fair value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as:

- the amount at which the financial asset or financial liability is measured at initial recognition;
- less principal repayments;
- plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the *effective interest method*; and
- less any reduction for impairment.

The *effective interest method* is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

The Group does not designate any interests in subsidiaries, associates or joint venture entities as being subject to the requirements of accounting standards specifically applicable to financial instruments.

(i) *Financial assets at fair value through profit or loss*

This category has two sub-categories; financial assets held for trading, and those designated at fair value through profit or loss on initial recognition. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term or if so designated by management. The policy of management is to designate a financial asset if there exists the possibility it will be sold in the short term and the asset is subject to frequent changes in fair value. Assets in this category are classified as current assets if they are either held for trading or are expected to be realised within 12 months of the balance sheet date.

(ii) *Loans and receivables*

Loans and receivables are non derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the consolidated group provides money, goods or services directly to a debtor with no intention of selling the receivable. They are included in current assets, except for those with maturities greater than 12 months after the balance sheet date which are classified as non-current assets. Loans and receivables are included in receivables in the balance sheet.

(iii) *Available-for-sale financial assets*

Available-for-sale financial assets, comprising principally marketable equity securities, are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets.

Purchases and sales of investments are recognised on trade-date being the date on which the consolidated group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the consolidated entity has transferred substantially all the risks and rewards of ownership.

Available-for-sale financial assets and financial assets at fair value through profit and loss are subsequently carried at fair value. Loans and receivables are carried at amortised cost using the effective interest method. Realised and unrealised gains and losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are included in the income statement in the period in which they arise. Unrealised gains and losses arising from changes in the fair value of non monetary securities classified as available-for-sale investments revaluation reserve are recognised in equity in the "available for sale revaluation reserve". When securities classified as available-for-sale are sold or impaired, the accumulated fair value adjustments are included in the income statement as gains and losses from investment securities.

The fair values of quoted investments are based on current bid prices. If the market for a financial asset is not active (and for unlisted securities), the consolidated entity establishes fair value by using valuation techniques. These include reference to the fair values of recent arm's length transactions, involving the same instruments or other instruments that are substantially the same, discounted cash flow analysis, and option pricing methods refined to reflect the issuer's specific circumstances.

The consolidated group assesses at each balance date whether there is objective evidence that a financial asset or group of financial assets is impaired. In the case of equity securities classified as available for sale, a significant or prolonged decline in the fair value of a security below its cost is considered in determining whether the security is impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit and loss, is removed from equity and recognised in the income statement. Impairment losses recognised in the income statement on equity instruments are not reversed through the income statement.

(v) Business Combinations

Acquisitions by the group of additional interests in equity accounted investments are brought to account in accordance with the provision of AASB 3 Business Combinations.

(w) Contributed Equity

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds. Incremental costs directly attributable to the issue of new shares or options, or for the acquisition of a business, are included in the cost of the acquisition as part of the purchase consideration.

(x) New standards and interpretations not yet adopted

The following standards, amendments to standards and interpretations have been identified as those which may impact the entity in the period of initial application. They are available for early adoption at 30 June 2010, but have not been applied in preparing this financial report.

- AASB 9 Financial Instruments includes requirements for the classification and measurement of financial assets resulting from the first part of Phase 1 of the project to replace AASB 139 Financial Instruments: Recognition and Measurement. AASB 9 will become mandatory for the Group's 30 June 2014 financial statements. Retrospective application is generally required, although there are exceptions, particularly if the entity adopts the standard for the year ended 30 June 2012 or earlier. The Group has not yet determined the potential effect of the standard.

- AASB 124 Related Party Disclosures (revised December 2009) simplifies and clarifies the intended meaning of the definition of a related party and provides a partial exemption from the disclosure requirements for government-related entities. The amendments, which will become mandatory for Group's 30 June 2012 financial statements, are not expected to have any impact on the financial statements.

- AASB 2009-5 Further amendments to Australian Accounting Standards arising from the Annual Improvement Process affect various AASBs resulting in minor changes for presentation, disclosure, recognition and measurement purposes. The amendments, which become mandatory for the Group's 30 June 2011 financial statements, are not expected to have a significant impact on the financial statements.

- AASB 2009-8 Amendments to Australian Accounting Standards - Group Cash settled Share-based Payment Transactions resolves diversity in practice regarding the attribution of cash-settled share-based payments between different entities within a group. As a result of the amendments AI 8 Scope of AASB 2 and AI 11 AASB 2 - Group and Treasury Share Transactions will be withdrawn from the application date. The amendments, which become mandatory for the Group's 30 June 2011 financial statements, are not expected to have a significant impact on the financial statements.

- AASB 2009-10 Amendments to Australian Accounting Standards - Classification of Rights Issue [AASB 132] (October 2010) clarify that rights, options or warrants to acquire a fixed number of an entity's own equity instruments for a fixed amount in any currency are equity instruments if the entity offers the rights, options or warrants pro-rata to all existing owners of the same class of its own non-derivative equity instruments. The amendments, which will become mandatory for the Group's 30 June 2011 financial statements, are not expected to have any impact on the financial statements.

- AASB 2009-14 Amendments to Australian Interpretation - Prepayments of a Minimum Funding Requirement -AASB 14 make amendments to Interpretation 14 AASB 119 - The Limit on a Defined Benefit Asset Minimum Funding Requirements removing an unintended consequence arising from the treatment of the prepayments of future contributions in some circumstances when there is a minimum funding requirement. The amendments will become mandatory for the Group's 30 June 2012 financial statements, with retrospective application required. The amendments are not expected to have any impact on the financial statements.

- IFRIC 19 Extinguishing Financial Liabilities with Equity Instruments addresses the accounting by an entity when the terms of a financial liability are renegotiated and result in the entity issuing equity instruments to a creditor of the entity to extinguish all or part of the financial liability. IFRIC 19 will become mandatory for the Group's 30 June 2011 financial statements, with retrospective application required. The Group has not yet determined the potential effect of the interpretation.

Note 2. Critical Accounting Estimates and Judgements

Estimates and judgements incorporated in the financial statements are based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the group.

Key Estimates

(i) Impairment

At each reporting date, the group compares the carrying values and market values of the associates to determine whether there is any indication of impairment. If significant and prolonged impairment indicators exist, any excess of the associate's carrying value over the recoverable amount is expensed to the income statement.

Where it is not possible to estimate the recoverable amount of an individual asset, the group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Key judgements

(i) Classification of investments

The group has decided to classify investments in listed securities as available for sale. These securities are accounted for at fair value. Any increments or decrements in their value at year end are charged or credited to the income statement.

(ii) Taxation

Judgement is required in assessing whether deferred tax assets and certain deferred tax liabilities are recognised on the balance sheet. Deferred tax assets, including those arising from temporary differences, are recognised only where it is considered more likely than not they will be recovered, which is dependent on the generation of sufficient future taxable profits. Deferred tax liabilities arising from temporary differences are recognised to the extent that there are future profits.

Note 3. Segment information

Identification of reportable segments

The group has identified its operating segments based on the internal reports that are reviewed and used by the executive team (the chief operating decision makers) in assessing performance and in allocating resources.

Types of products and services

Stockbroking

Stockbroking business offering trading of Australian securities, post trade reporting, corporate investment opportunities, provision of company research.

Principal Trading

Principal trading relates to the purchase and sale of securities by the consolidated group.

Funds Management

The consolidated group provides advice in relation to fund management.

Basis of accounting for purpose of reporting by operating segments

The accounting policies used by the group in reporting segments internally are consistent with those adopted in the financial statements of the group, unless otherwise stated.

Segment assets and liabilities

Where an asset is used across multiple segments, the asset is allocated to that segment that receives majority economic value from that asset.

Liabilities are allocated to segments where there is a direct nexus between the liability and the operations of the segment.

Unallocated items

The following items of revenue, expenses, assets and liabilities are not allocated to operating segments as they are not considered part of the core operations of any segments:

- Dividend revenue
- Fair value gains or losses on financial instruments
- Share of profits and losses of equity-accounted investments
- Corporate assets and liabilities not specific to any segments
- Deferred tax assets and liabilities
- Current tax liabilities

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2010

Segment performance (continued)

	Stockbroking $	Principal Trading $	Funds Management $	Total $	Unallocated $	Total (Consolidated) $
2010						
Sales and other fees	39,490,501	13,738,675	10,102,074	63,331,250	-	63,331,250

Dividends received	**503,199**	1,719,879
Other revenue	**123,521**	147,735
Fair value gain on derivatives	**351,592**	-
Gain arising from acquisition of further interests in associates	**10,069,164**	-
	13,206,576	4,776,112
Total Revenue	**76,537,826**	44,249,678

Note 5. Profit before income tax expense

	2010 $	2009 $
Profit for the year arrived at after charging following expenses		
Plant and equipment – depreciation	**119,604**	127,293
Leasehold improvements – amortisation	**65,460**	77,222
Employee entitlements costs	**101,938**	132,645
Rental expenses relating to operating lease	**413,966**	363,875

Note 6. Income tax

	2010 $	2009 $
The components of tax expense comprise:		
Current tax	**7,232,714**	4,312,572
Deferred tax	**(61,969)**	(185,511)
	7,170,745	4,127,061
Numerical reconciliation between tax expense and pre tax accounting profit		
Income tax rate using company's tax rate of 30% (2009: 30%)	**10,050,748**	4,338,635
Add tax effect of:		
- imputation credits	**65,021**	221,127
- other non-allowable items	**92,588**	59,641
- prior year under provision	**62,689**	-
- share of loss of associate	**137,185**	288,482
	10,408,231	4,907,885
Less tax effect of:		
- rebateable fully franked dividends	**(216,737)**	(737,091)
- prior year over provision	**-**	(43,733)
- gain on acquisition of associates	**(3,020,749)**	-
Income tax attributable to entity	**7,170,745**	4,127,061
The applicable weighted average effective tax rates are as follows:	**21.40%**	28.50%

The decrease in the weighted average effective consolidated tax rate for 2010 is due to the accounting requirement to recognised the gain on acquisition of associates.

Recognised in the income statement	**16,972**	(84,696)
Balance at 30 June	**415,653**	398,681

Tax losses
No part of the deferred tax asset shown in Note 15 is attributable to tax losses. The directors advise that the potential future income tax benefit at 30 June 2010 in respect of tax losses not brought to account is nil.

Tax consolidation legislation
Euroz Limited and its wholly-owned Australian subsidiaries implemented the tax consolidation legislation as of 1 July 2003. The accounting policy on implementation of the legislation is set out in Note 1(b). The impact on the income tax expense for the year is disclosed in the tax reconciliation above.

The entities have also entered into a tax sharing and funding agreement. Under the terms of this agreement, the wholly-owned entities reimburse Euroz Limited for any current income tax payable by Euroz Limited arising in respect of their activities. The reimbursements are payable at the same time as the associated income tax liability falls due and have therefore been recognised as a current tax-related receivable by Euroz Limited. In the opinion of the directors, the tax sharing agreement is also a valid agreement under the tax consolidation legislation and limits the joint and several liability of the wholly owned entities in the case of a default by Euroz Limited.

The wholly owned entities have fully compensated Euroz Limited for deferred tax liabilities assumed by Euroz Limited on the date of the implementation of the legislation and have been fully compensated for any deferred tax assets transferred to Euroz Limited.

On entering tax consolidation on 1 July 2003, Euroz Securities Limited transferred net deferred tax assets of $53,802 to Euroz Limited. Euroz Limited has compensated Euroz Securities for this transfer by way of a reduction of the tax related loan by Euroz Securities Limited to Euroz Limited as shown at Note 8.

Note 7. Cash and cash equivalents

	2010 $	2009 $
Cash at bank and on hand	**62,472,744**	63,884,694

Note 8. Current assets – Trade and other receivables

Note 21. Contributed equity

	Consolidated group		Parent entity	
	2010 Shares	2009 Shares	2010 $	2009 $
(a) Share capital				
Ordinary shares				
Issued and paid up capital consisting of ordinary shares	132,570,140	128,385,858	79,296,164	75,711,764

(b) Movements in ordinary share capital

	Consolidated entity 2010 $ Shares	2009 $ Shares
At the beginning of the reporting period	**128,385,858**	64,000,000
Share split (2:1 basis)	**-**	64,000,000
Shares issued during the year (i)	**3,000,000**	-
Exercise of options (ii)	**1,184,282**	385,858
At the end of the reporting period	**132,570,140**	128,385,858

(i) On 24 August 2009, the company issued 3,000,000 shares at 90c each for cash.
(ii) Options were exercised at various times during the financial year. The options were granted on 27 February 2009 at an exercise price of 75c and expire on 1 March 2014.

(c) Ordinary shares

Ordinary shares entitle the holder to participate in dividends and the proceeds on winding up of the company in proportion to the number of and amounts paid on the shares held.

On a show of hands every holder of ordinary shares present at a meeting in person or by proxy, is entitled to one vote, and upon a poll each share is entitled to one vote.

(d) Options

At the date of this report, the unissued ordinary shares of Euroz Limited under option are as follows:

Grant Date	Date of Expiry	Exercise Price	Number
27-Feb-09	1-Mar-14	$0.75	11,202,336

Option holders do not have any rights to participate in any issues of shares or other interests in the company or any other entity. No premium was paid for the options.

There have been no unissued shares or interests under option of any controlled entity within the group during or since reporting date.

(e) Movements in retained earnings

	2010 $	2009 $
Balance 1 July 2009	**19,504,347**	18,777,785
Opening adjustments	-	16,587
Net profit	**26,331,750**	10,335,056
Dividends paid	**(15,900,848)**	(9,625,081)
Balance 30 June 2010	**29,935,249**	19,504,347

(f) Movement in reserves

	2010 $	2009 $
Asset revaluation reserve		
Opening balance	**893,576**	8,280,529
Fair value of available for sale investments	**(893,576)**	(7,386,953)
Closing balance	**-**	893,576
Options reserve	**186,000**	186,000
Total reserves	**186,000**	1,079,576

The asset revaluation reserve is used to record increments and decrements in the fair value of available for sale investments. Refer to Note 1(u) (iii).

There has been no movement in the options reserve.

(g) Capital management

The Directors primary objective is to maintain a capital structure that ensures the lowest cost of capital available to the group. At balance date, the group has no external borrowings.

The group is not subject to any externally imposed capital requirements.

Note 22. Dividends

	2010 $	2009 $
Ordinary shares		
Interim dividend for the half year ended 31 December 2009 of 2 cents (2009 - 1 cents) per fully paid ordinary share paid on 21 January 2010 Fully franked based on tax paid @ 30%	**2,633,325**	1,280,000
Final dividend declared and provided for at 30 June 2010 of 10 cents (2009 – 6.5 cents) per fully paid ordinary share Fully franked based on tax paid @ 30%	**13,257,014**	8,345,081
Total dividends provided for or paid	**15,890,339**	9,625,081

Franked dividends

The franked portions of the dividends recommended after 30 June 2010 will be franked out of existing franking credits or out of franking credits arising from the payment of income tax in the year ending 30 June 2010.

	Consolidated group 2010 $	2009 $
Franking credits available for subsequent financial years based on a tax rate of 30% (2009: 30%)	**13,038,463**	9,739,074

The above amounts represent the balance of the franking account as at the end of the financial year, adjusted for:

a) franking credits that will arise from the payment of the current tax liability
(b) franking debits that will arise from the payment of dividends recognised as a liability at the reporting date
(c) franking credits that will arise from the receipt of dividends recognised as receivables at the reporting date, and
(d) franking credits that may be prevented from being distributed in subsequent financial years.

The consolidated amounts include franking credits that would be available to the parent entity if distributable profits of controlled entities were paid as dividends.

Note 23. Financial instruments

(a) Financial risk management

The group's financial instruments consist of deposits with banks, trade receivables and payables, short term investments and available for sale investments. Derivative financial instruments are not used by the group. Senior executives meet regularly to analyse and monitor the financial risk associated with the financial instruments used by the group.

(b) Financial risk exposure and management

(i) Interest rate risk

The group has no borrowings and therefore is not exposed to interest rate risk associated with debt. The group has significant cash reserves and the interest income earned from these cash reserves will be effected by movements in the interest rate. A sensitivity analysis has been provided in the note to illustrate the effect of interest rate movements on interest income earned.

(ii) Liquidity risk

The group manages liquidity risk using forward cashflow projections, maintaining cash reserves and having no borrowings or debt. In addition, at balance sheet date, the group has unutilised credit facilities totalling $20,000,000.

Trade and other payables are expected to be paid as follows:

	2010	2009
	$	**$**
Less than 1 month	**2,367,819**	14,949,093

(iii) Credit risk

The maximum exposure to credit risk, excluding the value of any collateral or security, at balance date is the carrying amount of the financial assets disclosed in the balance sheet. There is no collateral or security held for those assets at 30 June 2010.

Credit risk arises from exposure to customers and deposits with banks. Senior management monitors its exposure to customers on a regular basis to ensure recovery and repayment of outstanding amounts. Cash deposits are only made with Australian based banks. During the year, all trade debtors relating to brokerage and principal trading have been transferred to Penson who provides a trust account facility as part of the clearing and settlement service.

The group invests in listed held for trade financial assets. These investments are held in companies listed on the Australian Securities Exchange and are considered to be liquid in nature. The group also invests in unlisted available for sale financial assets. The financial performance and return of all investments are regularly reviewed by senior management.

Exposure to credit risk

The carrying amount of the consolidated entity's financial assets represents the maximum credit exposure.

The consolidated entity's maximum exposure to credit risk at the reporting date was:

	Carrying Amount	
	2010	2009
	$	$
Financial assets at fair value through profit or loss	**351,592**	-
Cash and cash equivalents	**62,472,744**	63,884,694
Receivables	**452,001**	14,429,036
	63,276,337	78,313,730

Impairment losses

None of the consolidated entity's other receivables are past due (2009: Nil).

(iv) Financial instruments composition and materiality analysis

	Weighted average effective interest rate		Floating interest rate		Non interest bearing	
	2010	2009	2010	2009	2010	2009
	%	%	$	$	$	$

Loan term deposit	3.75	-	5,000,000	-	-	-
Total financial assets			67,472,744	63,884,694	452,001	14,429,036
FINANCIAL LIABILITIES						
Trade and other payables	-	-	-	-	2,367,819	14,949,093

(v) Sensitivity analysis

The Group has performed a sensitivity analysis in relation to interest income and movements in interest rates. The analysis highlights the post tax effect on the current year's results and equity which would have resulted from movement in interest rates with all other variables remaining constant.

	2010	2009
	$	$
Change in profit		
- increase in interest rate by 1%	**437,309**	447,193
- decrease in interest rate by 1%	**(437,309)**	(447,193)
Change in equity		
- increase in interest rate by 1%	**437,309**	447,193
- decrease in interest rate by 1%	**(437,309)**	(447,193)

Note 24. Remuneration of auditors

	2010	2009
	$	$
Assurance services		
Audit services		
Audit and review of financial reports for the company		
Fees paid to Mack & Co firm	**175,450**	146,300
Taxation services		
Tax compliance services		
Fees paid to Mack & Co firm	**21,000**	18,530
Advisory services		
Compilation of financial reports and associated services		
Fees paid to Mack & Co firm	**7,150**	31,350

Note 25. Contingent liabilities

The parent entity and consolidated group had contingent liabilities at 30 June 2010 as follows:

		2010 $	2009 $
(i)	Secured guarantees in respect of: operating lease of a controlled group entity	**821,000**	500,000

(ii) The wholly owned subsidiary Euroz Securities Limited has received claims by clients totalling $7,840,000 in relation to trading activities undertaken on behalf of these clients.

The directors have not provided for these claims in the financial statements of Euroz Securities Limited or the consolidated group for the year ended 30 June 2010 for the following reasons:

- Euroz Securities Limited had acted appropriately, has a strong legal position and will vigorously defend the claims.
- The company has an insurance policy in place that may offset the claims.

Euroz has expensed all legal costs incurred to date. It is difficult to estimate the remaining legal costs that may be incurred in defending the claims.

Note 26. Commitments for expenditure

	2010 $	2009 $
(a) Operating leases		
Commitments for minimum lease payments in relation to non-cancellable operating leases are payable as follows:		
Within one year	**1,079,582**	299,407
Later than one year but not later than five years	**4,072,658**	678,180
Later than five years	**5,410,437**	-
Commitments not recognised in the financial statements	**10,562,677**	977,587

The current lease on the premises at Level 14, 1 William Street is for the period of 10 years commencing on 1 February 2003 and expiring on 31 January 2013. The lease for Westoz Funds Management's premises at Level 1, Ernst & Young Building is for the period of 5 years commencing on 1 May 2005 and expired on 31 July 2010.

A new lease has been entered on the premises at Level 18, 58 Mounts Bay Road for the period of 10 years commencing 2 July 2010 and expiring on 1 July 2020.

	2010 $	2009 $
(b) Plant, Property and Equipment		
Within a year		
Commitments contracted for	**2,635,000**	-
Commitments not contracted for	**3,524,000**	-
	6,159,000	-
(c) Other commitments		
Commitments for the cost of services supplied to the Group but not recognised as liabilities, payable:		
Within one year	**-**	200,000

Note 27. Employee benefits

	2010 $	2009 $
Employee benefit and related on-costs liabilities		
Provision for employee entitlements – current	**921,947**	820,010
Aggregate employee benefit and related on costs liabilities	**921,947**	820,010

Note 28. Related parties

All key management personnel have the title of director.

(a) Key management personnel compensation

	2010 $	2009 $
Short-term employee benefits		
- Executive Directors	**2,380,901**	2,226,631
- Specified executives	**6,724,833**	5,917,263
	9,105,734	8,143,894
Post-employment benefits		
- Executive Directors	**72,871**	113,745
- Specified executives	**368,966**	629,842
	441,837	743,587
Total compensation	**9,547,571**	8,887,481

(b) Individual directors' and executives' compensation disclosure

Information regarding individual directors' and executives' compensation and some equity instruments disclosures as required by Corporation Regulation 2M.3.03 is provided in the remuneration report section of the directors' report.

Apart from the details disclosed in this note, no director has entered into a material contract with the group since the end of the previous financial year and there were no material contracts involving directors' interest existing at year end.

(c) Parent entity

The ultimate parent entity within the Group is Euroz Limited.

(d) Wholly-owned group transactions

(i) Loans to key management personnel
There were no loans to key management personnel at the end of the year.

(ii) Shareholdings of key management personnel
The movement during the reporting period in the number of shares in Euroz Limited held, directly, indirectly or beneficially, by each key management person, including related parties, is as follows:

Euroz Securities Limited, a wholly owned subsidiary of Euroz Limited, has a bank overdraft facility as at 30 June 2010 for up to $10,000,000. The facility may be drawn down at any time, is repayable on demand and interest is incurred at the standard variable rate. The facility is secured by a fixed and floating charge over the assets of Euroz Limited and Euroz Securities Limited.

Euroz Limited has a bank overdraft facility as at 30 June 2010 for up to $10,000,000. The facility may be drawn down at any time, is repayable on demand and interest is incurred at the standard variable rate. The facility is secured by a fixed and floating charge over the assets of Euroz Limited.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2010

Note 33. Earnings per share

	2010 $	2009 $
Basic earnings per share	20.07	8.07
Diluted earnings per share	18.49	7.82

	2010 Number	2009 Number
Weighted average number of shares used as the denominator		
Weighted average number of ordinary shares used as the denominator in calculating basic earnings per share.	**131,232,079**	128,005,776
Weighted average number of ordinary shares and potential ordinary shares used as the denominator in calculating diluted earnings per share.	**142,434,415**	132,191,364

The profit after tax figures used to calculate the earnings per share for both the basic and diluted calculations was the same as the profit figure from income statement.

In October 2008, a 2 for 1 share split occurred and the total share capital of the company was converted from 64,000,000 ordinary shares into 128,000,000 ordinary shares.

As a result of the share split, the calculation of basic and diluted earnings per share in the prior year has been adjusted.

DIRECTORS' DECLARATION

for the year ended 30 June 2010

The directors declare that:

1. The financial statements, notes and additional disclosures included in the Directors' report and designated as audited, are in accordance with the Corporations Act 2001 and:

   (a) comply with Accounting Standards; and

   (b) give a true and fair view of the company's and consolidated group's financial position as at 30 June 2010 and of the performance for the year ended on that date;

   (c) the financial statements are in compliance with International Financial Reporting Standards, as stated in note 1 to the financial statements.

2. The Chief Executive Officer and Chief Financial Officer have declared that:

   (a) the financial records of the company for the financial year have been properly maintained in accordance with section 295A of the Corporations Act 2001;

   (b) the financial statements and notes for the financial year comply with the Accounting Standards; and

   (c) the financial statements and notes for the financial year give a true and fair view;

3. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

INDEPENDENT AUDIT REPORT

To Members Of Euroz Limited

Report on the Financial Report

We have audited the accompanying financial report of Euroz Limited (the Company) and the consolidated entity, which comprises the statement of financial position as at 30 June 2010, and the income statement, statement of comprehensive income, statement of changes in equity and cash flow statement for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the Directors' declaration of the consolidated entity comprising the company and the entities it controlled at the year's end or from time to time during the financial year.

Directors' Responsibility for the Financial Report

The Directors of the company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances. In Note 1, the Directors also state, in accordance with Accounting Standard AASB 101: Presentation of Financial Statements, that compliance with the Australian equivalents to International Financial Reporting Standards (IFRS) ensures that the financial report, comprising the financial statements and notes, complies with IFRS.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001.

Auditor's Opinion

In our opinion:

a. the financial report of Euroz Limited and its consolidated entities is in accordance with the Corporations Act 2001, including:

    i. giving a true and fair view of the company's and consolidated entity's financial position as at 30 June 2010 and of their performance for the year ended on that date; and

    ii. complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001; and

b. the financial report also complies with International financial Reporting Standards as disclosed in Note 1.

Report on the Remuneration Report

We have audited the Remuneration Report included in the directors' report under the heading "Remuneration Report – Audited" for the year ended 30 June 2010.

The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

INDEPENDENT AUDIT REPORT

To Members Of Euroz Limited

Audit Opinion

In our opinion the remuneration report of Euroz Limited and the consolidated entity for the year ended 30 June 2010 complies with section 300A of the Corporations Act 2001.

CORPORATE GOVERNANCE STATEMENT

Introduction – the Euroz Group

Euroz Limited ("**Euroz**") is the listed holding company of the Euroz group of companies ("**the Euroz Group**"). The Euroz Group consists of Euroz together with its wholly owned subsidiaries Euroz Securities Limited ("**Euroz Securities**") and Westoz Funds Management Limited ("**Westoz Funds Management**").

Euroz Securities conducts a substantial stockbroking and corporate advisory business which generates the majority of the revenues of the Euroz Group and employs the majority of staff within the Euroz Group. Revenue generated by Euroz Securities is paid by way of dividends to Euroz. Euroz Securities holds an Australian Financial Services Licence ("**AFSL**") and is regulated by the Australian Securities and Investments Commission ("**ASIC**") pursuant to the Corporations Act 2001 and the ASIC Market Integrity Rules. Euroz Securities is a Participant of the ASX Group and is regulated pursuant to the rules of the ASX Group.

Westoz Funds Management is a specialist manager of equity funds managing the portfolios of Westoz Investment Company Limited and Ozgrowth Limited which are both listed investment companies. Revenue generated by Westoz Funds Management through management and performance fees is paid by way of dividends to Euroz. Westoz Funds Management also holds an AFSL and its activities are therefore regulated by ASIC pursuant to the Corporations Act

Approach to Corporate Governance

Euroz is committed to maintaining a high standard of corporate governance. In this regard, Euroz has adopted the ASX Corporate Governance Council's revised Corporate Governance Principles and Recommendations ("**Revised Principles and Recommendations**").

In considering its approach to Corporate Governance in the context of the Revised Principles and Recommendations, Euroz has taken account of the following:

- Euroz is a holding company and the majority of the activity within the Euroz Group is conducted by its wholly owned subsidiary Euroz Securities which conducts a substantial stockbroking and corporate advisory business.
- Euroz Securities and Westoz Funds Management are subject to a rigorous regulatory regime (administered by both ASX and ASIC, where applicable) which includes extensive governance, risk management and reporting obligations.
- Each member of the Board works day to day in the business of the Euroz Group and each member holds a substantial quantity of Euroz shares.
- Many staff within the Euroz Group are largely remunerated by commission based payments and many staff hold Euroz shares. In these circumstances, the interests of the Directors and staff of the Euroz Group are closely aligned to the interests of Euroz's shareholders.
- Euroz has a relatively small number of employees and operates from a single location.

In these circumstances, Euroz has decided to adopt an owner-manager model ("the Direct Governance Model") to Corporate Governance. The key features of the Direct Governance Model being that:

- each member of the Board and the senior executives work in an operational capacity in the business of the Euroz Group on a daily basis;
- Corporate Governance is largely achieved as a result of this close operational involvement rather than via the use of mechanisms and structures which are more suited to different types of businesses including those which have large numbers of employees who operate from various locations; and
- many corporate governance related issues are dealt with as part of compliance related activities that the Euroz Group undertakes pursuant to obligations created by the Corporations Act, the ASIC Marker Integrity Rules and the rules of the ASX Group.

More generally, Euroz believes that the Direct Governance Model (as opposed to other corporate governance mechanisms and structures) is best suited to dealing with the various types of risk that are an inherent and unavoidable part of conducting a stockbroking and corporate advisory style business.

In accordance with ASX Listing Rule 4.10.3, Euroz provides the following statement regarding the extent to which it has followed the Revised Principles and Recommendations.

CORPORATE GOVERNANCE STATEMENT

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

Recommendation 1.1: Companies should establish the functions reserved to the Board and those delegated to senior executives and disclose those functions.

The Board has adopted a Charter which sets out the role and functions of Board. The Charter is available from Euroz's website.

In accordance with the Direct Governance Model the members of the Board are also the three most senior executives of the Euroz Group and play an integral part in the day-to-day management of the Group's activities. Accordingly Euroz does not delegate functions in the manner anticipated by this *Recommendation*.

The roles and responsibilities of the Board are to:

- Oversee control and accountability of the company.
- Set the broad targets, objectives and strategies.
- Monitor financial performance.
- Assess and review risk exposure and management.
- Oversee compliance, corporate governance and legal obligations.
- Approve all major purchases, disposals, acquisitions and issue of new shares.
- Approve the annual and half-year financial statements.
- Appoint and remove the Company's Auditor.
- Appoint and assess the performance of the Managing Director and members of the senior management team.
- Report to shareholders.

Recommendation 1.2: Companies should disclose the process for evaluating performance of senior executives

The performance of senior executives is reviewed by the Board on an annual basis and also pursuant to the Board's involvement in the day to day operations of the Euroz Group. The performance of senior executives is assessed against 3 broad criteria:

- the financial performance of the respective group or department managed by the senior executive (as applicable);
- the extent to which the senior executive has contributed to the Euroz Group achieving its organisational aims with a particular focus on the maintenance of the commercial reputation of the Euroz Group; and
- the extent to which the senior executive has personally and each member of staff under his or her control has acted in a manner which is in accordance with Euroz's compliance related policies and procedures.

Each member of the Board assesses other Board members performance against these criteria.

The Remuneration Policy set out on pages 15 -16 of the Directors Report outlines the methodology used to assess the performance and remuneration of the members of the Board.

The Directors due to their long association with Euroz, their extensive relevant business experience and the fact that their interests are closely aligned to shareholders' interests clearly understand what is required of them. Accordingly, Euroz has formed the view that letters of appointment are not required with respect to the Directors.

Similarly in the context of the matters referred to above, with respect to senior executives (including the Company Secretary and the Chief Operating Officer/Chief Financial Officer of Euroz Securities), Euroz has formed the view that written position statements are not required.

Recommendation 1.3: Companies should provide the information indicated in the Guide to reporting on Principle 1.

Refer to above and further Recommendation 2.6

CORPORATE GOVERNANCE STATEMENT

PRINCIPLE 2: STRUCTURE THE BOARD TO ADD VALUE

Recommendation 2.1: A majority of the Board should be independent Directors.

In accordance with the Direct Governance Model, Euroz has elected to not comply with this recommendation. Euroz has made this decision as it has formed the view that in the circumstances set out above, the interests of the Board are so closely aligned with the interests of shareholders that independent Directors are not required to achieve an effective system of corporate governance.

More generally, given the specialised nature of Euroz's business, the fact that a person, generally speaking, may not be a director of more than one ASX Group Participant and the relatively low level of fees paid to non-executive Directors, Euroz has formed the view that it will be difficult to attract suitable candidates to be non-executive Directors. However, the Board continues to keep this matter under review.

Each Director has the right to seek independent professional advice at the Company's expense for which the prior approval of the Chairman is required and which will be not unreasonably withheld.

Recommendation 2.2: The chair should be an independent director.

In accordance with the Direct Governance Model, Euroz has elected to not comply with this recommendation. Euroz has made this decision as it has formed the view that in the circumstances set out above, the interests of the Board and its Chair are so closely aligned with the interests of shareholders that an independent director as Chair is not required to achieve an effective system of corporate governance.

Recommendation 2.3: The roles of chair and chief executive officer should not be exercised by the same individual.

Euroz, in its role as a holding company, does not have a Chief Executive Officer but an analogous role is undertaken in the form of the Managing Director with respect to both Euroz Limited and Euroz Securities Limited. The role of the Chair and the Managing Director are not exercised by the same individual.

Recommendation 2.4: The Board should establish a nomination committee.

Given its relatively small size, stable structure and the significant level of employee (of the Euroz Group) ownership, Euroz has formed the view that a nomination committee is not necessary for Euroz to achieve an effective system of corporate governance.

Recommendation 2.5: Companies should disclose the process for evaluating the performance of the Board, its committees and individual Directors.

A review of the performance of the Board and its Directors is undertaken by each Director with respect to each other Director and the performance of the Board itself on an annual basis and also as part of the day to day operations of the Euroz Group in accordance with the matters set out with respect to Recommendation 1.2.

The Remuneration Policy set out on pages 15-16 of the Directors Report outlines the methodology used to assess the performance and remuneration of the members of the Board.

An outcome and an advantage of the Direct Governance Model is that the Board has real time access to information regarding all aspects of Euroz's operations and has direct access, at all times, to the Company Secretary.

The Directors have extensive experience with respect to all aspects of the operations of the Euroz Group. In this regard, the section "Information on Directors" set out on page 5 of the Directors Report outlines the experience and qualifications of the Directors. The Directors, pursuant to obligations imposed by the Corporations Act the ASIC Market Integrity Rules and the rules of the ASX Group and generally, undertake a substantial level of continuing education.

Recommendation 2.6: Companies should provide the information indicated in the Guide to reporting on Principle 2.

Nomination committee
The Board, as a whole, deals with areas that would normally fall within the charter of the Nomination Committee. These include matters relating to the renewal of Board members and Board performance.

Board evaluation
As per the process stated in Recommendation 2.5 both annual and periodic performance evaluations of the Board and its Directors have been conducted during the reporting period.

PRINCIPLE 3: PROMOTE ETHICAL AND RESPONSIBLE DECISION-MAKING

Recommendation 3.1: Companies should establish a code of conduct and disclose the code or a summary of the code as to:

- the practices necessary to maintain confidence in the company's integrity;
- the practices necessary to take into account their legal obligations and the reasonable expectations of their stakeholders; and
- the responsibility and accountability of individuals for reporting and investigating reports of unethical practices.

In its role as holding company and given the particular circumstances of the Euroz Group, Euroz does not have a code of conduct of the type anticipated by this recommendation. However, overarching codes of ethical conduct have been adopted to provide guidance to Staff.

To this end, all Staff are expected to adhere to the fundamental principles of professional ethics in accordance with the matters set out in the Corporations Act, the ASIC Market Integrity Rules and the rules of the ASX Group. In summary:

Client interests
The Board, Directors and Staff acknowledge their responsibility to act in best interest of shareholders and clients (as appropriate).

Confidentiality
Staff have access to clients' confidential information, and it is a critical condition of employment that this information is treated as strictly confidential. Inappropriate use of client's confidential information would be grounds for dismissal.

Examples of inappropriate actions regarding client information are:

- Imparting information to anyone other than to a member of the Group, other than to other parties where such disclosure is normal, necessary (required by law) or client-approved.
- Imparting information to clients' employees and or associates.
- Imparting to anyone the names of clients for whom the Group acts, except where such disclosures are normal, necessary (required by law) or client-approved.

Disclosures

- Disclosing any information to anyone where such disclosure might be to the detriment of the client or the Group.
- Discussing with relatives or friends any matters relating to the firm's clients or their affairs.

Compliance with appropriate ethical standards
All Staff members are responsible for the firm's adherence to appropriate ethical standards. If any staff members are concerned about any issue in relation to ethical standards, they are empowered to communicate these concerns to a Director or other Executive, as the staff member believes is appropriate.

Further, Euroz Securities and Westoz Funds Management both pursuant to the obligations imposed by the Corporations Act, the ASIC Market Integrity Rules and the rules of the ASX Group (with respect to Euroz Securities) and generally, have detailed and extensive compliance related policies and procedures in place (including breach disclosure and reporting procedures so as to comply with particular requirements set out in the Corporations Act, the ASIC Market Integrity Rules and the rules of the ASX Group (as applicable).

These policies and procedures cover issues that would ordinarily be dealt with by a code of conduct and apply to all Directors and staff of the Euroz Group.

Due to their length it is not practical to make these compliance related policies and procedures available on Euroz's website. More generally, these policies and procedures contain intellectual property of the Euroz Group, the confidentiality of which the Euroz Group wishes to maintain.

The Euroz Group is committed to all Directors and employees maintaining high standards of integrity and ensuring that activities are in compliance with the letter and spirit of both the law and Euroz Group policies. Each Staff member is issued with the Company's Policies and Procedures Manual at the commencement of their employment with the Euroz Group.

The Group provides a number of full time resources for the purpose of monitoring compliance with its policies. These resources report directly to the Board for matters of compliance, governance and internal controls.

Recommendation 3.2: Companies should establish a policy concerning trading in company securities by Directors, senior executives and employees and disclose the policy or a summary of that policy.

Pursuant to the ASIC Market Integrity Rules and the rules of the ASX Group, all trading in company securities and any other financial product traded on the ASX Market by any Director or staff member of the Euroz Group must receive prior approval from a designated staff member within the Euroz Group and there is a written policy in place with respect to this issue. The purchase and sale of company securities by Directors and employees is generally only permitted during the thirty day period following the release of the half-yearly and annual financial results to the market. The Board must approve any transactions undertaken within or outside of this window. Exceptions to this policy are considered by the Board on a case-by-case basis.

Directors must advise Euroz, which in turn advises the ASX, of any transaction conducted by them in the company's securities within the specified time determined by the ASX after the transaction occurs.

The prevention of insider trading both with respect to company securities and generally is dealt with as part of the Euroz Group's compliance policies and procedures and, in the context of the business conducted by the Euroz Group, is treated as a matter of the upmost importance. In accordance with the above it is not practical or desirable to place this material on Euroz's website.

Recommendation 3.3: Companies should provide the information indicated in the Guide to reporting on Principle 3.

Refer above.

PRINCIPLE 4: SAFEGUARD INTEGRITY IN FINANCIAL REPORTING

Recommendation 4.1: the Board should establish an audit committee.

The Board has established an audit committee consisting of Mr Diamond and Mr McKenzie.

Recommendation 4.2: The audit committee should be structured so that it:

- consists only of non-executive Directors;
- consists of a majority of independent Directors;
- is chaired by an independent chair, who is not chair of the Board; and
- has at least 2 members.

Given the size and composition of the Board it is not possible for Euroz to comply with this recommendation. However, in accordance with the matter set out above, the interests of the members of the audit committee are closely aligned with the interests of shareholders in circumstances where the members of the audit committee have sufficient skills and experience such that they are properly able to discharge this function.

Recommendation 4.3: the audit committee should have a formal charter

A Charter has been adopted which sets out the role and functions of Audit Committee. The Charter is available from Euroz's website.

Further to the Charter, the Audit Committee meets at least twice a year. Its key roles and responsibilities are to:

- Review the Company's accounting policies.
- Review the content of financial statements.
- Review the scope of the external audit, its effectiveness and independence of the external audit.
- Ensure accounting records are maintained in accordance with statutory and accounting standard requirements.
- Monitor systems used to ensure financial and other information provided is reliable, accurate and timely.
- Review the audit process with the external auditors to ensure full and frank discussion of audit issues.
- Present half and full year financial statements to the Board.

A Partner of the Euroz's auditor, Mack & Co, and senior management of the Euroz Group may also attend meetings of the Audit Committee by invitation.

Given the size and nature of Euroz's business and in the context of the Direct Governance Model, Euroz has formed the view that it is not necessary for Euroz to have an internal audit function so as to achieve its corporate governance objectives.

Recommendation 4.4: Companies should provide the information indicated in the Guide to reporting on Principle 4.

External Auditors are selected by the Board in consultation with Euroz Staff as the Board see fit.

The rotation of engagement Partners is in accordance with regulatory requirements and is on a 5 year within a 7 year basis.

Refer above.

PRINCIPLE 5: MAKE TIMELY AND BALANCED DISCLOSURE

Recommendation 5.1: Companies should establish written policies designed to ensure compliance with ASX Listing Rule disclosure requirements and to ensure accountability at senior executive level for that compliance and disclose those policies or a summary of those policies.

Given the nature of its business, Euroz, its Directors and staff are fully aware of ASX Listing Rule disclosure requirements. In the context of the Direct Governance Model and given the close alignment between the interests of shareholders, the Directors and staff of the Euroz Group, Euroz has formed the view that it does not require written policies with respect to this issue. In this regard, Euroz views compliance with this obligation as being the collective responsibility of the Directors and of the senior executives of the Euroz Group.

The Company Secretary has been appointed as the person responsible for communications with the Australian Securities Exchange. This role includes responsibility for ensuring compliance with the continuous disclosure requirements of the ASX Listing Rules and overseeing and co ordinating information disclosure to the Australian Securities Exchange, analysts, brokers, shareholders, the media and the public.

Recommendation 5.2: Companies should provide the information indicated in the Guide to reporting on Principle 5.

Refer above.

PRINCIPLE 6: RESPECT THE RIGHTS OF SHAREHOLDERS

Recommendation 6.1: Companies should design a communications policy for promoting effective communication with shareholders and encouraging their participation at general meetings and disclose their policy or a summary of that policy.

Euroz is committed to keeping shareholders fully informed of significant developments. In addition to the public announcement of its financial information and disclosure of significant matters pursuant to the ASX Listing Rules, the Company provides the opportunity for shareholders to question the Board and senior executives about its activities at the Company's annual general meeting.

The Company's auditor, Mack & Co, will be in attendance at the annual general meeting and will also be available to answer questions from shareholders about the conduct of the audit and the preparation and content of the auditor's report.

Euroz's website provides detailed information regarding the operations of the Euroz Group including copies of all information that has been released to the market.

Given the relatively small size of Euroz's shareholder base, Euroz has formed the view that it does not need to put a written communications policy in place.

Recommendation 6.2: Companies should provide the information indicated in the Guide to reporting on Principle 6.

Refer above.

PRINCIPLE 7: RECOGNISE AND MANAGE RISK

Recommendation 7.1: Companies should establish policies for the oversight and management of business risks and disclose a summary of those policies.

Euroz undertakes risk management in the context of the activities undertaken by the Euroz Group. The Euroz Group is subject to extensive risk management obligations pursuant to the Corporations Act, the ASIC Market Integrity Rules and the rules of the ASX Group and written policies and procedures are in place so as to ensure compliance with these obligations. Risk management is achieved by way of the implementation of these policies and procedures in the context of the day to day involvement of the Board in the business of the Euroz Group pursuant to the Direct Governance Model. In particular, the financial position of Euroz and matters of risk are considered by the Board on a daily basis. The main area of exposure for Euroz is failure of trade settlements by clients and counter parties in the context of a third part clearing arrangement that has been entered into by Euroz Securities. Settlements and exposure are monitored on a daily basis in the context of a third party clearing arrangement that has been entered into by Euroz Securities. Investments made by Euroz are undertaken pursuant to criteria determined by the Board. Euroz's investments are monitored by Board members on a daily basis. The Board is responsible for ensuring that controls and procedures to identify, analyse, assess, prioritise, monitor and manage risk are in place, being maintained and adhered to.

In accordance with the above, Euroz has decided to not make the relevant policies and procedures available on its website.

Recommendation 7.2: the Board should require management to design and implement the risk management and internal control system to manage the company's material business risks and report to it on whether those risks are being managed effectively. The Board should disclose that management has reported to it as to the effectiveness of the company's management of its material business risks.

In accordance with the above, risk management is dealt with pursuant to the Direct Governance Model and accordingly this recommendation is not appropriate for Euroz. More generally, the Board performs an internal audit function in circumstances where the interests of the Board are closely aligned with the interests of shareholders. Euroz engages external assistance with respect to this issue, as required.

Euroz has formed the view that, in all of the circumstances set out above, it is not necessary for the Board to convene a risk management committee.

Recommendation 7.3: The Board should disclose whether it has received assurance from the chief executive officer (or equivalent) and the chief financial officer (or equivalent) that the declaration provided in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks.

Annually, the Chief Financial Officer states in writing to the Board that:

- The statement given in accordance with best practice recommendation 4.1 (the integrity of financial statements) is founded on a sound system of risk management and internal compliance and control which implements the policies adopted by the board.
- The company's risk management and internal compliance and control system is operating efficiently and effectively in all material respects.

Recommendation 7.4: Companies should provide the information indicated in the Guide to reporting on Principle 7.

Refer above.

CORPORATE GOVERNANCE STATEMENT

PRINCIPLE 8: REMUNERATE FAIRLY AND RESPONSIBLY

Recommendation 8.1: The Board should establish a remuneration committee

Euroz has formed the view that, given the relatively small size of the Board and the close alignment between the interests of Board members and the interests of shareholders, a remuneration committee is not required. Instead, the Board performs the functions that would otherwise be allocated to a remuneration committee. In this regard, the Board convenes separately as a remuneration committee. In performing the functions that would be allocated to the remuneration committee the Board undertakes its functions according to the following principles.

The objective of Euroz's remuneration framework is to ensure reward for performance is competitive and appropriate to the results delivered. The framework aligns executive reward with the creation of value for shareholders, and conforms to market best practice.

The remuneration committee ensures that executive remuneration satisfies the following key criteria:

- Competitiveness and reasonableness.
- Acceptability to shareholders.
- Performance linked.
- Transparency.
- Capital management.

Euroz has structured an executive remuneration framework that is market competitive and complimentary to the reward strategy of the organisation.

In accordance with the above, the remuneration committee has decided that there will be no equity-based remuneration paid to Directors or staff of the Euroz Group.

Detailed information regarding the remuneration paid to Directors and senior executives of the Euroz Group is set out at pages 16-20 of this report.

Recommendation 8.2: Companies should clearly distinguish the structure of non-executive Directors' remuneration from that of executive Directors and senior executives

Euroz does not have any non-executive Directors. The remuneration structure adopted by the Euroz Group is in accordance with the mechanisms usually adopted within the stockbroking/financial advisory industries and is appropriate to Euroz's circumstances and goals.

Detailed information regarding both the remuneration paid to Directors and Staff of the Euroz Group and the structure that underlies remuneration payments is set out at pages 16-17.

Recommendation 8.3: Companies should provide the information indicated in the Guide to reporting on Principle 8.

Refer above.
